为世界注入中国安全电力

Inject China's safe electric power into the world

在全球化格局加速重构的当下，新兴市场的基建脉搏正以前所未有的强劲节奏蓬勃跳动。

从沙特阿拉伯的超级工程现场，到越南的智能制造园区；从尼日利亚的电网升级改造，到印尼的绿色能源并网项目——每一项工程的落地推进，都离不开一套**稳定可靠、高效节能、场景适配的配电系统**作为核心支撑与坚实底座。

YKE云科电气深耕“工贸一体+数字化出海”创新模式，将国内严苛的国标（GB）精工制造实力，与国际电工委员会（IEC）标准无缝衔接、深度融合。我们交付的从来不止是电气设备，更是贯穿全流程的专业保障，让海外合作全程安全无忧、省心高效！

Amid the accelerated restructuring of the global landscape, the infrastructure vitality of emerging markets is surging at an unprecedentedly robust pace.

From the mega construction sites in Saudi Arabia and the intelligent manufacturing parks in Vietnam, to the power grid upgrading projects in Nigeria and the green energy grid-connection programs in Indonesia, the implementation and progress of every single engineering project rely on **a stable, reliable, energy-efficient and scenario-adaptable power distribution system** as its core support and solid foundation.

YKE Yunke Electric has been deeply engaged in the innovative model of "integrated industry and trade + digital global expansion". It seamlessly connects and deeply integrates its sophisticated manufacturing strength that meets stringent Chinese National Standards (GB) with the standards of the International Electrotechnical Commission (IEC). What we deliver is far more than electrical equipment; it is professional support covering the entire process, ensuring safe, worry-free, convenient and efficient overseas cooperation.

品牌内核：四大价值基石

Brand Core: Four Value Cornerstones

品质为本
Quality Driven

全线满足IEC/GB双重标准，100%出厂全项测试，第三方验货全天候开放。

Fully compliant with both IEC and GB standards, 100% full-item factory testing, with third-party inspection available around the clock.

创新驱动
Innovation Led

针对中东耐高温、东南亚防凝露、高原低气压等极端环境，提供特化定制方案，建立技术壁垒。

We provide specialized customized solutions for extreme environments such as high temperature resistance in the Middle East, condensation prevention in Southeast Asia, and low air pressure on plateaus, so as to build technical barriers.

客户至上
Customer First

不设沟通壁垒，1小时内响应询盘。从选型到清关，您的每一个需求都有专人跟进。

No communication barriers, with inquiry responses within one hour. From product selection to customs clearance, every one of your needs will be followed up by a dedicated specialist.

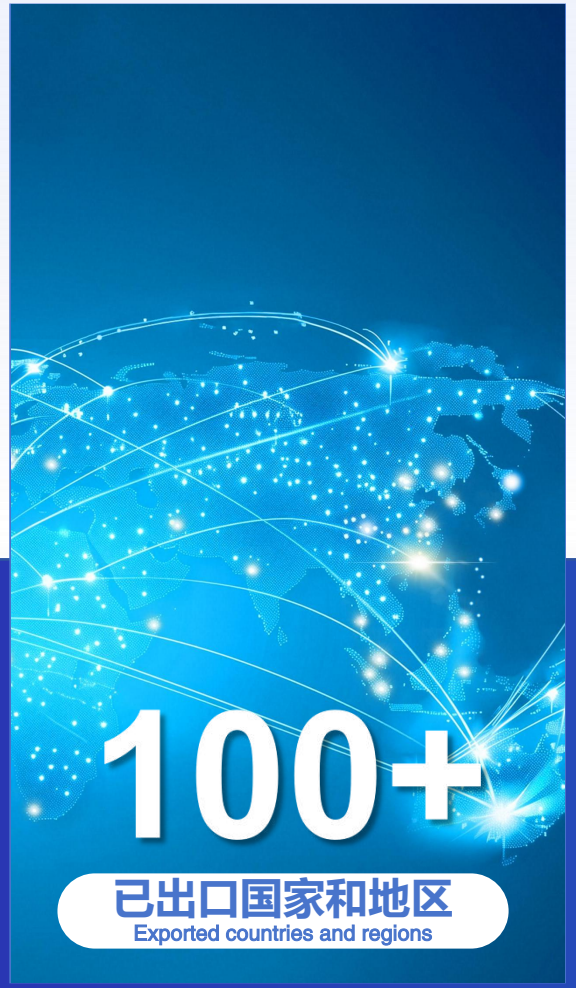

智领未来

公司简介：深耕外贸的电气专家

Company Profile: An electrical expert deeply engaged in foreign trade

广州云科电气设备有限公司（YKE 云科电气）坐落于粤港澳大湾区核心城市——广州市白云区，是一家专注于电力电气设备研发生产与全球外贸出口的专业供应商。深耕电气外贸领域多年，YKE 以**精准化布局**、**数字化赋能**、**专业化运营**的出海模式，为中东、东南亚、非洲、南美等全球市场客户，提供从成套产品供应到定制化方案交付的全链条一站式服务。

公司核心产品涵盖高低压成套开关设备、电力变压器、新能源并网柜、箱式变电站及智能环网柜等全系列品类，电压等级覆盖 0.4kV 至 35kV。全线产品严格遵循中国国标（GB）与国际电工委员会（IEC）双重标准，持有 **CE、CCC、ISO 9001/14001/45001 等全套权威认证**，产品性能与品质全面对标 IEC 国际标准，合规性与可靠性兼具。

依托稳定过硬的产品品质、高效迅捷的交付能力、高性价比的核心优势及灵活的定制适配服务，云科电气产品远销**东南亚、中东、欧美等全球多个国家和地区**，与海外优质经销商、大型采购集团建立了长期稳固的战略合作关系。

公司始终秉持**“诚信为本、客户至上、专业共赢”**的经营理念，凭借资深专业的外贸服务团队与成熟完善的供应链体系，实现市场需求快速响应，持续为全球客户输出安全、高效、可靠的电气解决方案，致力于打造中国电气设备出海标杆品牌，成为全球客户值得信赖的长期合作伙伴！

Guangzhou Yunke Electrical Equipment Co., Ltd. (YKE Yunke Electric) is located in Baiyun District, Guangzhou, a core city of the Guangdong-Hong Kong-Macao Greater Bay Area. It is a professional supplier specializing in the R&D, production of power electrical equipment and global foreign trade export. Having been deeply engaged in the electrical foreign trade industry for many years, YKE adopts an overseas expansion model featuring precise layout, digital empowerment and professional operation, and provides a full-chain one-stop service ranging from complete product supply to customized solution delivery for customers in global markets including the Middle East, Southeast Asia, Africa and South America.

The company's core products cover a full range of categories including high and low voltage complete switchgear, power transformers, new energy grid-connected cabinets, box-type substations and intelligent ring main units, with voltage levels ranging from 0.4kV to 35kV. All products strictly comply with both Chinese National Standards (GB) and International Electrotechnical Commission (IEC) standards. The company holds a full set of authoritative certifications such as CE, CCC, and ISO 9001/14001/45001. Its product performance and quality are fully aligned with international IEC standards, featuring both compliance and high reliability.

Relying on stable and reliable product quality, efficient and rapid delivery capability, the core advantage of high cost performance, and flexible customized adaptation services, Yunke Electrical's products are exported to many countries and regions around the world including Southeast Asia, the Middle East, Europe and America, and have established long-term and stable strategic cooperative relations with high-quality overseas distributors and large purchasing groups.

The company has always upheld the business philosophy of **"integrity-oriented, customer-first, professional win-win"**. Relying on an experienced and professional foreign trade service team as well as a mature and complete supply chain system, it achieves rapid response to market demands and continuously provides global customers with safe, efficient and reliable electrical solutions. It is committed to building a benchmark brand for Chinese electrical equipment going global and becoming a trustworthy long-term partner for customers worldwide.

公司愿景：致力于成为全球新兴市场最值得信赖的中国配电解决方案出口品牌。

Company Vision: Committed to becoming the most trustworthy Chinese brand for power distribution solution exports in global emerging markets.

我们的出海模式：为什么选择YKE?

Our Global Expansion Model: Why Choose YKE?

传统采购中国电气设备的痛点：沟通不畅、交期拖延、标准不符、售后困难。

Pain points of traditional procurement of Chinese electrical equipment: poor communication, delayed delivery, non-compliant standards, and difficult after-sales service.

YKE 云科电气解决方案：

YKE Yunke Electrical Solutions:

资深外贸团队 深谙行业语境

A senior foreign trade team with profound understanding of industry context

不止是语言沟通，更是懂电气技术的专业业务专家。精准吃透SASO、PLN等各国电网标准与准入要求，高效对接项目需求。

It is not merely language communication, but also professional business expertise with profound knowledge of electrical engineering. It accurately comprehends national power grid standards and access requirements such as SASO and PLN, and efficiently aligns with project demands.

供应链体系成熟 严守交付周期

Mature supply chain system and strict adherence to delivery schedules

自有标准化生产基地+长期稳定协同的外协供应链，从图纸确认、排产生产到物流发货，全流程节点透明可控，保障按期交付。

We own standardized production bases and maintain long-term, stable cooperative external supply chains. All procedures from drawing confirmation, production scheduling to logistics and delivery are transparent and controllable at every node, ensuring on-time delivery.

柔性定制生产 适配多元需求

Flexible customized production to meet diverse demands

外观配色、铭牌LOGO可个性化定制；内部元器件支持ABB、施耐德及国产一线品牌灵活选配，同步提供SKD/CKD散件发货服务。

Exterior color matching and nameplate LOGO can be customized individually; internal components support flexible selection of ABB, Schneider and domestic first-tier brands, and SKD/CKD knocked-down parts delivery service is provided simultaneously.

全套出口单据 清关全程无忧

A full set of export documents for hassle-free customs clearance throughout the process

可提供装箱单、商业发票、重量证书、原产地证（CO/Form A/Form E等）全系列合规单证，助力海外清关高效顺畅。

We can provide a full range of compliant documents including packing list, commercial invoice, weight certificate, certificate of origin (CO/Form A/Form E, etc.) to facilitate efficient and smooth overseas customs clearance.

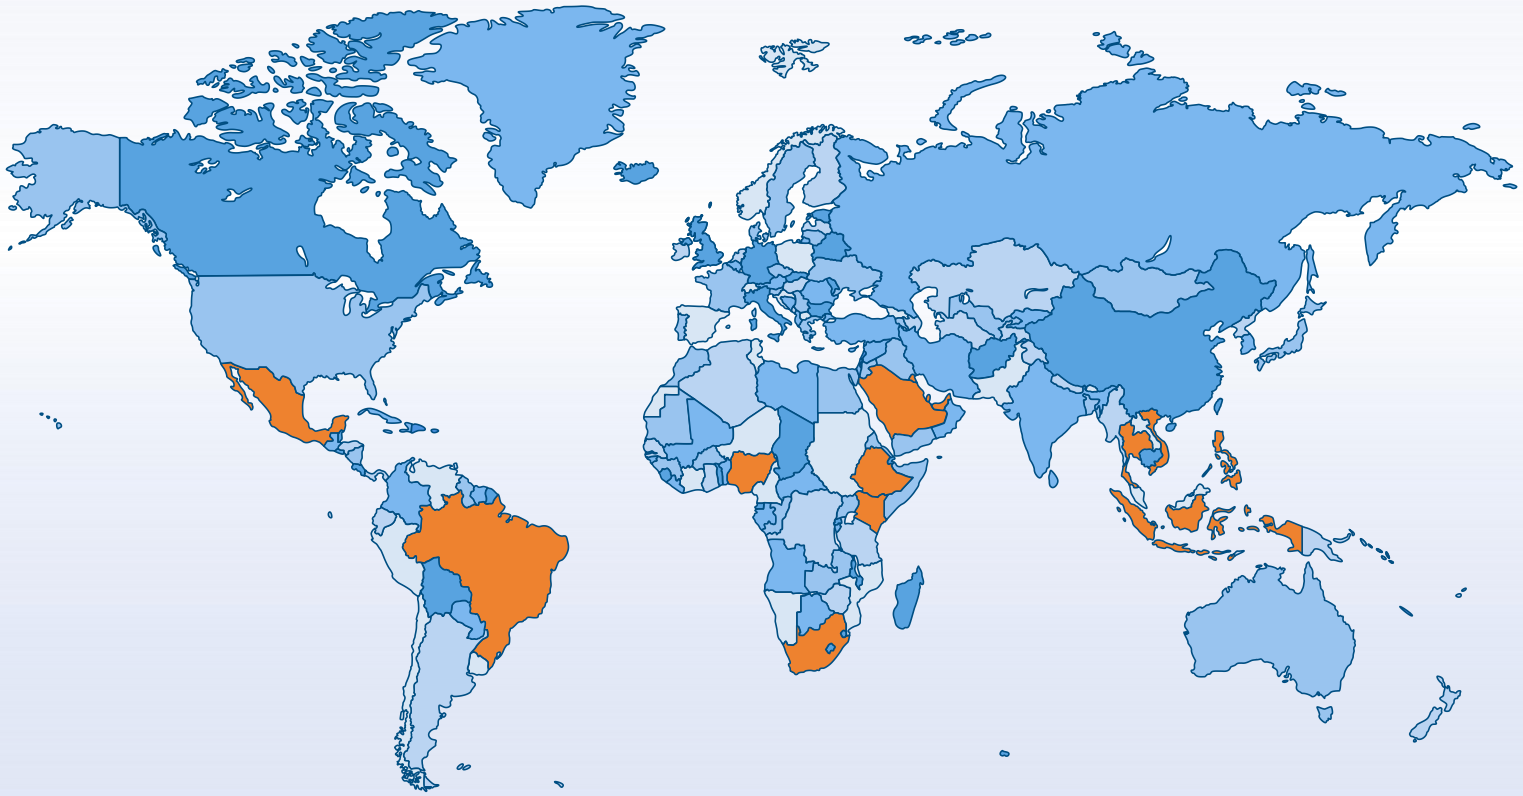

战略布局：聚焦“一带一路”新兴蓝海

Strategic Layout: Focusing on the Emerging Blue Ocean of the Belt and Road Initiative

避开欧美红海竞争的“内卷”，YKE 将目光锁定在基建需求旺盛、利润空间充足的战略蓝海市场。在这里，中国制造的性价比与YKE的专业服务，能创造最大化的商业价值。

Avoiding the intense cutthroat competition in the European and American red ocean markets, YKE has set its sights on strategic blue ocean markets with robust infrastructure demand and sufficient profit margins. In these markets, the cost performance of Chinese manufacturing and YKE's professional services can generate maximum commercial value.

市场深度解析（上）：中东与东南亚

In-depth Market Analysis (Part 1): The Middle East and Southeast Asia

中东重点市场：高门槛，高回报

Key Markets in the Middle East: High Threshold, High Returns

- **市场逻辑：**依托石油经济红利，中东超级基建工程持续落地，同规格电气产品售价可达国内3–5倍，盈利空间广阔。
  核心准入要求：极端高温、多沙尘的特殊气候，对设备性能提出严苛标准；耐高温（≥50°C）、高防护防沙尘（IP65+）为硬性门槛。
  YKE 核心优势：中压柜、箱变系列已通过沙特SASO复核，打造适配极端环境的“沙漠级”解决方案。

- **Market Logic:** Relying on the dividend of the petroleum economy, large-scale infrastructure projects in the Middle East continue to be implemented. Electrical products of the same specification can be sold at **3 to 5 times** the domestic price, bringing huge profit margins.
  Core access requirements: The special climate of extreme high temperature and frequent sandstorms imposes stringent standards on equipment performance. High temperature resistance (**≥50°C**) and high protection against sand and dust (**IP65+**) have become mandatory market access thresholds.
  Core Advantages of YKE: The company's medium-voltage cabinets and box-type transformers have passed the Saudi **SASO** standard review, **customizing desert-grade electrical system solutions** adapted to extreme environments.

东南亚重点市场：高增速，大增量

Key Markets in Southeast Asia: High Growth Rate and Huge Increment

- **市场逻辑：**RCEP政策红利释放，全球制造业向东南亚转移集聚，地缘邻近带来物流成本优势。
  特殊需求：工业配电配套需求激增，光伏、储能等新能源配套设备迎来爆发式增长。
  YKE 核心优势：依托粤港澳大湾区区位优势，提供多语种本地化技术文件。

- **Market Logic:** The policy dividends of **RCEP** are continuously being released; the global manufacturing industry is accelerating its transfer to and agglomeration in Southeast Asia. Geographical proximity brings about logistics cost advantages.
  Special demands: The demand for industrial power distribution supporting facilities is surging continuously. New energy supporting electrical equipment such as **photovoltaic and energy storage** is witnessing explosive growth.
  Core Advantages of YKE: Relying on the geographical advantages of the **Guangdong-Hong Kong-Macao Greater Bay Area** with remarkable delivery efficiency, and providing localized technical documents in multiple **languages including Vietnamese and Thai.**

市场深度解析（下）：非洲与拉美

In-depth Market Analysis (Part 2): Africa and Latin America

非洲重点市场：高性价比的广阔天地

Key African Markets: A Vast Land of High Cost-Effectiveness

- 市场逻辑：非洲电气化建设进程全面提速，市场对高性价比配电设备需求旺盛。

  市场机遇：欧美品牌因成本劣势逐步退出，留下巨大市场空白，成为中国配电设备抢占先机、树立品牌认知、构建先发优势的战略蓝海。

  YKE核心优势：极致成本管控与成熟量产优势，精准匹配刚需。

- **Market Logic:** Africa's electrification accelerates, creating **strong demand** for cost-effective power distribution equipment.
  Market Opportunities: European & American brands exit, leaving a **strategic blue ocean** for Chinese brands to establish first-mover advantage.
  Core Advantages: Superior **cost control** and mature mass production accurately meet local rigid demands.

拉美·南亚市场：新能源驱动的新风口

Latin American & South Asian Markets: New Opportunities Driven by New Energy

- 市场逻辑：区域各国出台宏大新能源规划，配套设备需求爆发。

  特殊需求：项目需严格契合当地电网并网验收标准，如墨西哥**CFE**、巴西**ANS**等权威规范，准入门槛明确。

  YKE核心优势：可提供光伏并网柜至升压箱变的全品类一站式采购服务，深度协同当地EPC承包商，构建从**方案设计、产品配套到项目交付**的全流程合作体系，打造长期稳定的战略伙伴关系。

- **Market Logic:** Ambitions **new energy plans** drive surging demand for supporting equipment in the region.
  Special requirements: The project must strictly comply with the local power grid grid-connected acceptance standards, including authoritative specifications such as Mexico's **CFE** and Brazil's **ANS,** with clear access thresholds.
  Advantages of YKE: It can provide one-stop procurement services for the full range of products from photovoltaic Grid-Connected Cabinets to Step-Up Box Transformers, deeply collaborate with local EPC contractors, build a full-process cooperation system from **scheme design and product matching to project delivery**, and establish long-term and stable strategic partnership relationships.

真实项目案例：经得起尽职调查的底气 Real Project Cases: The Confidence to Withstand Due Diligence

“每一个案例都不是PPT上的故事，而是有据可查的交付记录。”
以下为近年交付的部分代表性项目，每个案例均可提供买方参考联系人（签署保密协议 NDA 后提供），欢迎带第三方机构进行尽职调查。
Every case is not a story on the PPT, but a verifiable delivery record.
The following are some representative projects delivered in recent years. Buyer reference contacts are available for each case (to be provided after signing a Non-Disclosure Agreement, NDA). Third-party institutions are welcome to conduct due diligence.

沙特阿拉伯 工业园区配电项目 (交期38天)

Saudi Arabia | Industrial Park Power Distribution Project (Delivery Time: 38 Days)

越南 大型制造集团工厂配电 (连续合作3年)

Vietnam | Power Distribution for Factories of Large Manufacturing Group (3 Years of Continuous Cooperation)

尼日利亚 国家电网升级项目 (零投诉，L/C结清)

Nigeria | National Power Grid Upgrade Project (Zero Complaints, L/C Settlement Completed)

印尼 50MW屋顶光伏并网项目 (通过PLN审批)

Indonesia | 50MW Roof-Top Photovoltaic Grid-Connection Project (Approved by PLN)

案例深扒：中东与东南亚标杆项目

In-depth Case Analysis: Benchmark Projects in the Middle East and Southeast Asia

沙特阿拉伯 | 工业配电项目

Saudi Arabia | Industrial Power Distribution Project

终端客户：沙特某大型工业园区 EPC 承包商
供货清单：KYN28-12 中压开关柜 32 面 + SCB11 干式变压器 8 台
技术难点：按沙特 SASO 耐高温防沙尘标准定制（IP65+防护，额定环境温度 ≥50°C）
交付结果：交期仅 38 天，顺利通过 SGS 全项驻厂验货。
★ 客户参考联系人可提供（签 NDA 后）

End Customer: EPC Contractor of a Large Industrial Park in Saudi Arabia
Supply List: 32 units of KYN28-12 medium voltage switchgear + 8 units of SCB11 dry-type transformer
Technical Difficulties: Customized in accordance with Saudi SASO high temperature resistance and sand prevention standards (IP65+ protection, rated ambient temperature ≥50°C)
Delivery result: The lead time is only 38 days, and the full on-site inspection by SGS has been successfully passed.
Customer reference contacts available (after NDA signing)

越南 | 工厂配电改造项目

Vietnam | Factory Power Distribution Renovation Project

终端客户：越南某知名制造业集团
供货清单：GGD 低压开关柜 60 面及配套密集型母线槽系统
服务亮点：两批次柔性发货配合买方产线搬迁节点；提供全套越文版安装手册及远程视频调试支持。
项目总额：约 USD 380,000
★ 重复采购客户，已建立连续 3 年稳定合作

End Customer: A well-known manufacturing group in Vietnam
Supply List: 60 sets of GGD low-voltage switchgear and supporting dense bus duct system
Service Highlights: Two batches of flexible delivery in coordination with the buyer's production line relocation schedule; provision of a complete set of Vietnamese installation manuals and remote video commissioning support.
Total project amount: approximately USD 380,000
Repeat purchasing customers who have maintained stable cooperation for three consecutive years.

案例深扒：非洲与新能源标杆项目

In-depth Case Analysis: Benchmark New Energy Projects in Africa

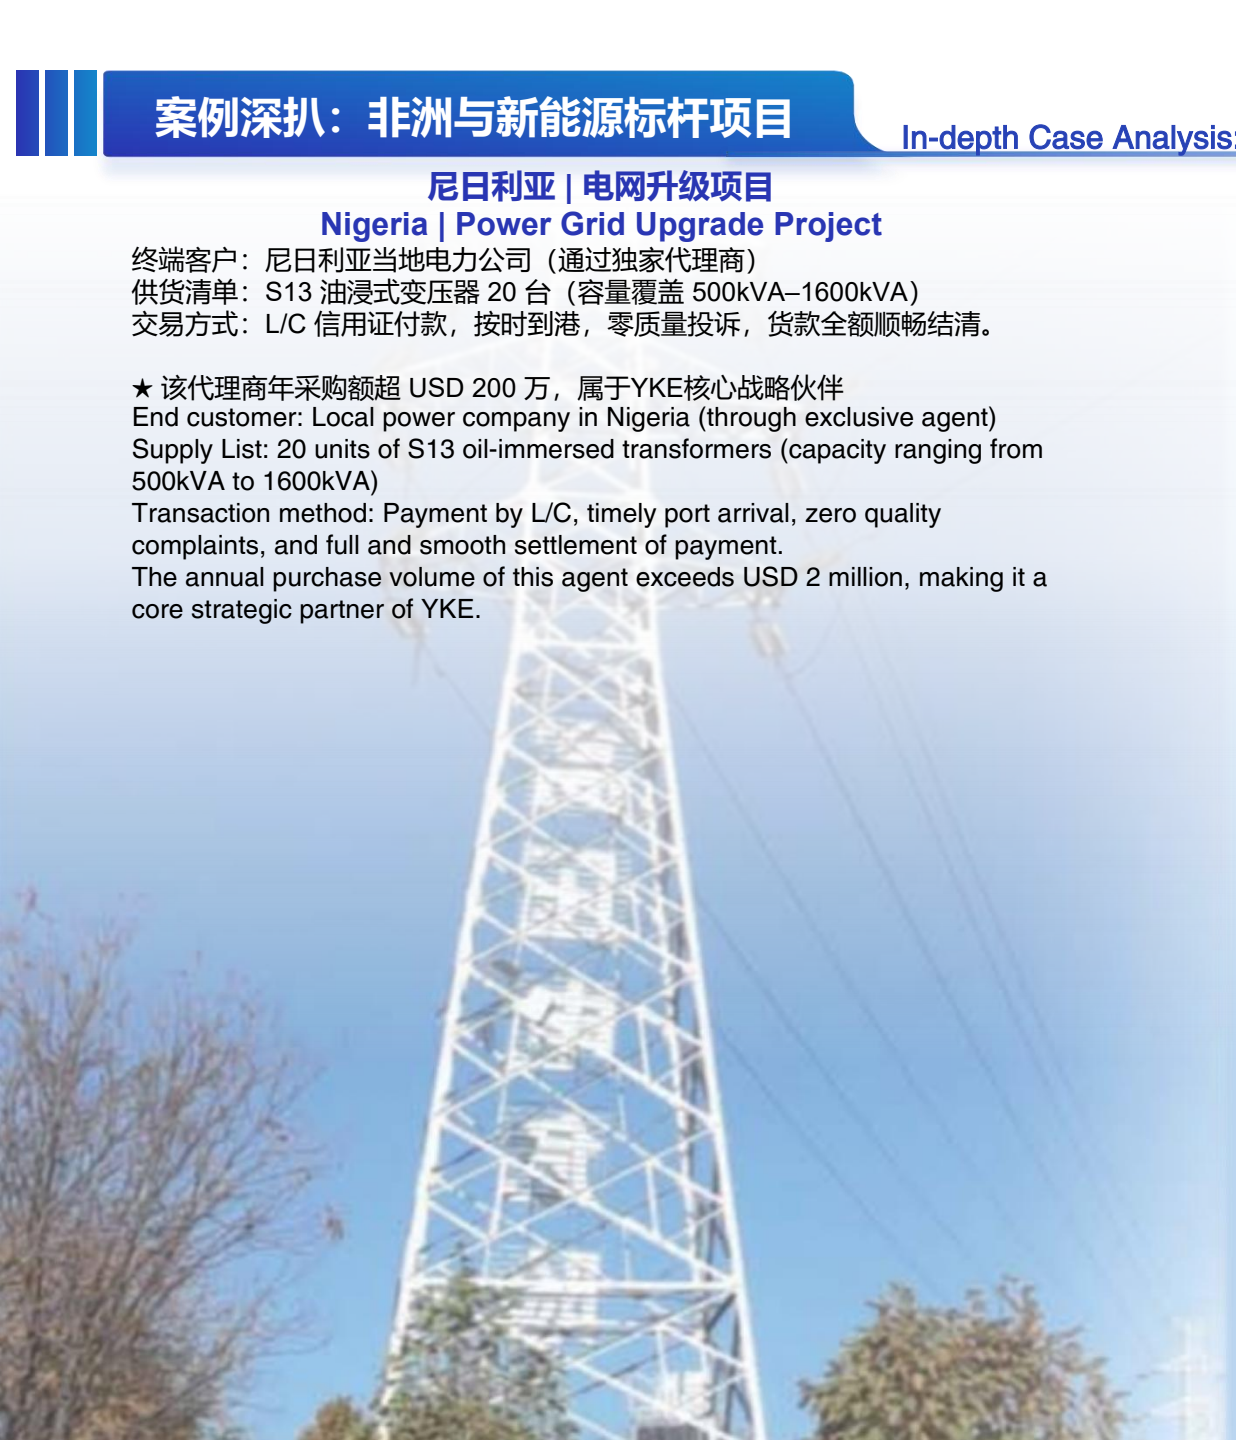

尼日利亚 | 电网升级项目

Nigeria | Power Grid Upgrade Project

终端客户：尼日利亚当地电力公司（通过独家代理商）
供货清单：S13 油浸式变压器 20 台（容量覆盖 500kVA–1600kVA）
交易方式：L/C 信用证付款，按时到港，零质量投诉，货款全额顺畅结清。

★ 该代理商年采购额超 USD 200 万，属于YKE核心战略伙伴

End customer: Local power company in Nigeria (through exclusive agent)
Supply List: 20 units of S13 oil-immersed transformers (capacity ranging from 500kVA to 1600kVA)
Transaction method: Payment by L/C, timely port arrival, zero quality complaints, and full and smooth settlement of payment.
The annual purchase volume of this agent exceeds USD 2 million, making it a core strategic partner of YKE.

印尼 | 50MW屋顶光伏电站配套

Indonesia | Supporting Facilities for 50MW Rooftop Photovoltaic Power Station

终端客户：印尼当地新能源开发商
供货清单：光伏并网柜及升压箱变 12 台套
技术难点：严格满足印尼国家电力公司 PLN 的并网验收要求。
服务亮点：YKE技术团队配合完成 PLN 并网审批所需的全套技术文件（符合 SNI 标准），确保一次性通过审批并网。

End customer: Local new energy developer in Indonesia
Supply List: 12 sets of photovoltaic grid-connected cabinets and step-up box transformers
Technical Difficulties: Strictly meeting the grid-connected acceptance requirements of Perusahaan Listrik Negara (PLN), Indonesia.
Service Highlights: The YKE technical team cooperates in completing a full set of technical documents (compliant with SNI standards) required for PLN grid connection approval to ensure one-time approval and successful grid connection.

主要产品系列：高压开关柜 Main product series: High-voltage switchgear cabinet

一、高压开关柜系列 | 12kV–40.5kV

[YKE 出口中东市场的核心优势产品]

产品概述：涵盖中置柜、SF6全绝缘/空气绝缘环网柜、固定柜及户外开关箱。

差异化利器：耐高温防尘版本（IP65+，≥50°C）专为中东、非洲市场开发，已通过沙特 SASO 标准复核。

High Voltage Switchgear Series | 12kV–40.5kV

[Core Advantage Products of YKE Exported to the Middle East Market]

Product Overview: It covers medium voltage switch cabinets, SF6 fully insulated / air insulated ring main units, fixed cabinets and outdoor switch boxes.

KYN28-12/24
金属铠装移开式开关柜
Metal-clad Removable Switchgear

KYN61-40.5
金属铠装移开式开关柜
Withdrawable Switchgear

HCM-12/24/40.5
SF6全封闭全绝缘环网柜
SF6 fully enclosed and fully insulated ring main unit

HCA-12
空气绝缘环保柜
（无SF6，符合环保趋势）
Air-insulated Environment-friendly Cabinet
(SF6-free, in line with environmental protection trends)

XGN15/17
箱式固定封闭开关柜
Box-type Fixed Enclosed Switchgeart

户外开关箱 IP65+
（中东/非洲特制）
Outdoor Switch Box IP65+
(Specially Made for the Middle East and Africa)

适配场景：变电站配电 / 工业园区 / 新能源电站 / 城市环网

Applicable scenarios: Substation power distribution / Industrial parks / New energy power stations / Urban loop network

主要产品系列：低压开关柜 (LV SWITCHGEAR)

Main product series: Low-voltage switchgear

二、低压开关柜系列 | 400V及以下

[灵活定制，满足全球不同接线习惯]

产品概述：包括 GGD 固定式、GCK/GCS/MNS 抽出式、GGJ 补偿柜及 PLC 控制柜。

定制能力：可按目的国标准（如英标、美标、澳标等）调整接线方式与铜排规格。支持配套 ABB、施耐德、西门子等国际知名品牌元器件。支持整柜出口或散件出口（SKD/CKD）以降低关税成本。

Low Voltage Switchgear Series | 400V and Below

Flexible customization to meet diverse global wiring habits

Product Overview: Including GGD fixed-type switchgears, GCK/GCS/MNS withdrawable switchgears, GGJ compensation cabinets and PLC control cabinets.

Customization Capability: The wiring method and busbar specification can be adjusted in accordance with the standards of the target country (such as British Standard, American Standard, Australian Standard, etc.). It supports the matching of well-known international brand components such as ABB, Schneider and Siemens. It supports full-container export or 散件出口 (SKD/CKD) to reduce tariff costs.

GGD

低压固定式成套开关柜

Low Voltage Fixed Type Complete Switchgear Cabinet

GCK / GCS / MNS

抽出式成套开关柜

withdrawable complete switchgear cabinet

GGJ

智能电容无功补偿柜

Intelligent Capacitor Reactive Power Compensation Cabinet

PLC

自动化控制柜

automatic control cabinet

MD-MAX ABB

授权柜

authorized cabinet

适配场景：工厂配电 / 商业楼宇 / 数据中心 / 新能源系统

Applicable scenarios: factory power distribution, commercial buildings, data centers, new energy systems

主要产品系列：变压器 Main product series: Transformers

三、变压器系列 | 10kV–35kV

[大批量备货，极速交付]

产品概述：干式与油浸式双产品线并行，30kVA–10,000kVA 全容量覆盖。拥有强大的标准化备货能力，标准产品交期可压缩至 28 天。

Transformer Series | 10kV–35kV

[Massive Stock Preparation, Ultra-fast Delivery]

Product Overview: Parallel dual product lines of dry-type and oil-immersed transformers, with full capacity coverage from 30kVA to 10,000kVA. It features strong standardized stock availability, and the delivery time of standard products can be shortened to 28 days.

D11

单相配电变压器（适合北美及部分南美市场）

Single-phase Distribution Transformer (Suitable for North American and some South American markets)

特殊型：耐高温 / 高原低气压 / 防爆定制型

Special types: high temperature resistance, high-altitude low air pressure resistance, explosion-proof customized type

S11/S13/S20

低损耗油浸式变压器（适合非洲、拉美配网）

immersed Transformers (Suitable for power distribution networks in Africa and Latin America)

SCB系列

干式变压器（F级/H级环氧树脂浇注，低噪音，阻燃）

Transformer (Class F/Class H epoxy resin casting, low noise, flame retardant)

适配场景：工业供配电 / 光伏风电升压 / 城市配网 / EV充电站 / 数据中心

Adapted Scenarios: Industrial Power Supply and Distribution / Photovoltaic and Wind Power Step-up / Urban Distribution Network / EV Charging Stations / Data Centers

主要产品系列：箱变与新能源 Main product series: SUBSTATION & NEW ENERGY

四、预装式变电站（箱变）| 12kV–40.5kV

工厂预装调试，现场开箱即投运。特别适合出口远程工程项目快速部署。

Prefabricated Substation (Box-Type Transformer) | 12kV–40.5kV

Pre-installation and commissioning at the factory, ready for operation immediately after unpacking on site.
It is especially suitable for the rapid deployment of remote overseas export projects.

美式箱变 ZGS1-12/0.4
（紧凑型，适合中东/北美市场）
American Box Transformer ZGS1-12/0.4 (Compact type, suitable for Middle East/North American markets)

华式箱变 YB-12/0.4
（高性价比，适合东南亚/南亚）
Huatype Box-type Transformer YB-12/0.4 (Cost-effective, suitable for Southeast Asia and South Asia)

欧式箱变 YB-12/0.4
（操作空间大，适合欧洲/非洲市场）
European Box-Type Transformer YB-12/0.4 (Large operating space, suitable for European and African markets)

新能源专用箱变
（光伏/储能/风电配套）
Special Box Transformer for New Energy (Supporting Photovoltaic, Energy Storage and Wind Power)
容量范围：50kVA – 2,500kVA
Capacity range: 50kVA – 2,500kVA

五、新能源电气系列　覆盖光伏、储能及 EV 充电领域完整电气方案。

New Energy Electrical Series　Complete electrical solutions covering photovoltaic, energy storage and EV charging fields

光伏并网柜
（1kV/35kV，CE认证）
Photovoltaic Grid-connected Cabinet (1kV/35kV, CE Certified)

储能电池管理配电柜
（BMS配套）
Energy Storage Battery Management Distribution Cabinet (Supporting for BMS)

充电桩专用升压箱变
Special Boost Box Transformer for Charging Piles

预制舱
（集成模块化变电站）
Prefabricated Cabin (Integrated Modular Substation)

母线槽系列
（400A–6300A，空气型/密集型）
Bus Duct Series (400A–6300A, Air-type / Compact-type)

品质保障：不承诺空洞的口号，只做看得见的把控

Quality Assurance: We make no empty promises, only visible quality control.

满足 IEC 国际标准

Comply with IEC international standards

全系列产品严格遵循 IEC 61439 等国际标准，拥有 CE、CCC、ISO三体系权威认证。每批次产品均附带完整第三方检测报告，随货同步交付，品质有据可依。

The full range of products strictly complies with international standards such as IEC 61439, and holds authoritative certifications including CE, CCC and ISO system certifications. Each batch of products is accompanied by a complete third-party inspection report, which is delivered together with the goods to ensure traceable quality.

新兴市场特化设计壁垒

Specialized design barriers in emerging markets

摒弃通用化设计，针对不同区域环境定制优化：

- 中东：耐高温≥50℃、IP65+高等级防沙尘防护
- 东南亚：高湿热环境适配，标配防凝露加热器
- 高原地区：海拔≥4000m低气压降容专项设计

Abandon generalized design and carry out customized optimization according to different regional environments.

- Middle East: High temperature resistance ≥ 50℃, IP65+ high-level dustproof protection
- Southeast Asia: Adapted to high temperature and humid environments, equipped with anti-condensation heaters as standard.
- Plateau areas: Special design for low-pressure capacity reduction at an altitude of ≥4000m

第三方验货“全裸”开放

Third-party inspection "full-naked" open

欢迎全球权威机构（SGS、BV、Intertek等）随时驻厂验货，全程无门槛、无限制、无需提前报备。买方可自主委托检验，验货费用各自承担，真实品质直面公开。

We welcome global authoritative institutions including SGS, BV, Intertek and other organizations to conduct on-site factory inspections at any time with full openness, no restrictions and no advance registration required. Buyers may independently commission inspections, with inspection fees borne by each party respectively, and genuine product quality fully disclosed to the public.

OEM/ODM 全链路定制

Full-link Customization of OEM/ODM Services

外观喷塑、铭牌LOGO、电压等级、元器件品牌均可按需定制。同步交付完整中英双语技术文件包，助力海外代理商打造自有品牌，提升市场竞争力。

Appearance spray coating, nameplate LOGO, voltage class and component brands can all be customized on demand. We will deliver a complete Chinese-English bilingual technical document package simultaneously to help overseas agents build their own brands and enhance market competitiveness.

出厂 100% 全项必检

100% Full Inspection of All Items Before Delivery

坚持全检而非抽检，绝缘耐压、主回路电阻、机械操作寿命三大核心项目逐项全测。所有测试数据存档留存5年，全程可追溯，杜绝品质隐患。

Adhere to full inspection instead of sampling inspection, and conduct comprehensive testing of the three core items of insulation and voltage resistance, main circuit resistance, and mechanical operation life one by one. All test data are archived and retained for 5 years, with full traceability to eliminate potential quality hazards.

出口级专业包装

Export-grade professional packaging

内部防潮膜+干燥剂双重防护，外部采用高强度木箱/木架加固防震，全方位抵御长途海运颠簸、潮湿与碰撞，确保设备完好无损抵达目的地。

It adopts double protection of internal moisture-proof film and desiccant, and is reinforced and shockproof with high-strength wooden cases/wooden frames on the outside. It comprehensively resists bumps, moisture and collisions during long-distance ocean transportation to ensure that the equipment arrives at the destination intact.

售后流程与代理商专属赋能
